

# Village of Barker

---

## **PUBLIC WORKS REPORT** August 2017

Mark Remington, Superintendent  
Gene Cavanaugh  
Robert Verheyne

### Streets:

- Mowed road sides, ditches, garage area and East Ave. property
- Watered plants along Main St. and gazebo
- Chipped brush
- Cleaned up along Main St. – Edged along curbs
- Trimmed around all signs, hydrants and power poles

### Water:

- THA and HAA Test sampled at Commons and took to Niagara Falls lab to be tested. – Quarterly testing.
- Dig request at 8508 W. Somerset and 1698 Quaker Rd. Marked the water lines
- Flushed all hydrants in village – Done before school starts
- Have been checking on possible water on Mayer Bros. property. No signs of any water leaking. – Believe it is a drainage issue when it rains.

### Equipment:

- Washed and used power washer to clean underneath both tractors and trucks. All ready for Rust-Kote on Monday morning.
- Changed blades on mower and greased the fittings.
- Rust-Kote sprayed tractors and trucks. – Rust proofing
- Picked up Salter from Viking. – had repairs done on Salter

### Parks:

- Emptied garbage can in both parks weekly
- Mowed and trimmed both parks.
- Installed posts and fence along lake park bank due to erosion

### Other:

- Wrote monthly report
- Replaced sink and faucet at garage
- Went to Standish & Jones for supplies
- Cut up and removed trees along back of garage ditch area.
- Went to Gordon Fisk to pick up blades that were sharpened.
- Took old microwave and computers from village hall & library and dropped off at Town Water Dept.
- Went to Tractor Supply and picked up orange snow fence and posts for Lake Park bank.
- Removed camera system from library
- Went on vacation for a couple of days.
