

Village of Barker

PUBLIC WORKS REPORT

Mark Remington, Superintendent
Gene Cavanaugh
Robert Verheyen

Streets:

- High Wind Storm- large tree came down on Quaker Road and took down power line. Also, ripped service off of house at 1716 Quaker Road. Cut up the tree and pushed to sides of the road. Placed orange barrels on both sides of the power line to close off to traffic.
- Went around the Village and picked up fallen branches in the Streets
- Flager's at 8510 West Somerset Road called about a large branch blocking their driveway, I went over to cut it up and push it out of the way

Water:

- Read water meters for the quarter

Equipment:

- Washed trucks and tractors
- Bearing on Salter needs to be replaced on chain driven belt-ordered part
- Took chains from the chain saws and weed eater to Gordon Fisk
- Started police cars every couple of days to charge the batteries
- Supplies at Car Quest
- Had tire replaced on the trailer
- Took windows, cab, snow blower and bracket off of B2301 tractor and installed mowing deck

Parks:

- Picked up branches out of both parks after the wind storm
- Emptied garbage can in Lake Park weekly

Other:

- Wrote monthly report
- Pricing on chippers for the budget
- Pricing on contractors for the sidewalks for budget
- Secured window at Police station
- Bought new door knob and dead bolt, also installed at the Police station
- Loaded wood chips into persons dump truck, he took 6-8 loads
- Met with National Grid when power was out. They were at the substation behind Mayer Brothers. They thought that they could re-route the power to get the Village back on
- Laura from Perfect Images asked me to go into her building because she thought that she smelled gas fumes. Went in and smelled heavy gas fumes, had to shut off all breakers inside of the building before National Grid boosted power back up. NYSEG came down and red tagged her furnace.
- Set up voting booth and signs for the election
- Got a hold of the bank that owns 1716 Quaker Road to let them know that power lines and the service were ripped off of the house. Also that the roof had been damaged. The Bank sent a crew to check out the damages.
- Started cutting up a large tree behind the DPW garage that went across the drainage ditch
- Vacation!!! Big thanks to Gene and Bob for covering for me while I was away.
