

Village of Barker

PUBLIC WORKS REPORT MAY 2016

Mark Remington, Superintendent
Gene Cavanaugh

STREETS:

- Mowed roadsides, ditches, village hall and East Ave property
- Chipped brush
- Met with County Highway Dept. regarding the paving of Main Street. We re-measured and discussed price on paving. 2" black top would be \$21,000.00 or 3 "blacktop would be \$25,000.00
- Met with Dale from Villager (milling company) regarding the milling of Main St. Milling cost will be \$2,000.00

WATER

- Water testing THM and HAA. Took samples to Niagara Falls and dropped off the samples at the lab.
- Attended Western NY Water Works Conference
- Dig request at 8699 High St. Marked curb box, service to house and service going to water main across the street.
- Turned water on at curb box at 1715 Quaker Rd.
- Dig request at 8520 W. Somerset Rd.
- Dig request at 8715 Main St.

EQUIPMENT:

- Transported 2301 Kubota tractor to Niagara Implement. Had problem with deck, where it would not lock into certain height. It kept dropping all the way down. Had to take tractor over twice to be looked at. Tractor still under warranty.
- Checked oil and gas in chipper. Installed wooded box onto dump truck for chipping.

PARKS

- Emptied garbage cans weekly in both parks
- Trimmed and mowed both parks

OTHER

- Wrote monthly reports
- Board meeting
- Work session
- Met with surveyors at East Ave. property. Went over property and blue prints of water mains and services
- Used some vacation and comp time in the month of May
